

# Maintenance Recommended Timeframes

for:

- Bioretention Areas and Rain Gardens*
- Rain Barrels*
- Green Roofs*
- Permeable Pavement*
- Dry Wells*
- Tree Boxes*

Maintenance is a key component to any stormwater-management practice. With regular maintenance, you can save money by avoiding larger issues and you will have a properly functioning system. More importantly, with upkeep you are doing your part to help the environment and protect your local streams and the Chesapeake Bay.
